

## COMET sub-roof

The COMET is smoke-free and very quiet. Thanks to the built-in guide system, the width of weld zone is homogeneous – resulting in no non-welded edges. It is especially suitable for pre-fabrication of sub-roof membranes.

- Smoke-free, low-noise welding using hot-wedge technology
- Digital temperature and speed display
- No non-welded edge zones
- Ideal for indoor applications
- (without fitting welding carriage)

### SPECIFICATIONS

230

Voltage	V~	230
Power consumption	W	1500
Temperature	°C	20 – 420
Speed	m/min	0.8 – 6
Welding pressure	N	100 – 500
Material thickness	mm	up to 0.8 mm
Memory card recording		optional
Size (L x W x H)	mm	355 × 250 × 245
Weight	kg	7.7 (with 3 m cable)
Marking of conformity		
Approval mark		
Protection class I		
Article Number		138.276
