PLASTIC WELDING

# SONORA S1

Neat and compact.  
For shrinking,  
shaping and much more.

Hand tool

## SONORA S1

The universally applicable, ergonomic and quiet compact device. It is used in various fields of application, such as shrinking, car wrapping, shaping and heating. The special design means you can work without strain. Its price/performance ratio is truly impressive.

**Electronics:** Freely storable profiles with straightforward operation

**Ergonomics:** Balanced design for strain-free work

**Durability:** The soft-grip surface and design enable very good standing at continuous operation

SONORA S1 kit in practical and sturdy plastic case

Shrinking of cable lettering

Car wrapping and film bonding

## Features

- Compact device weighing just 600 grammes
- Low in vibrations and noise, perfect for inside applications
- Power saving thanks to standby mode
- Increased safety upon power failure through start-up protection
- Constant temperature with clear display

### Technical data

Voltage	V~	230 / 120
Power	W	2000 / 1500
Temperature	°C	80 – 650
Dimensions (L × H)	mm	230 × 200
Weight	kg	0.6 (without cord)
Mark of conformity		CE
Approval mark		Ⓢ
Certification type		CCA, CB
Protection class I		Ⓜ

### Article.-no.:

140.996 SONORA S1 kit, 230 V / 2000 W, EU-plug  
 140.997 SONORA S1 kit, 120 V / 1500 W, US-plug
